

# Jorge Albaladejo

Telecommunications engineer ~ Sr. web developer ~ Jr. electronics designer

Website: [www.jorgealbaladejo.com](http://www.jorgealbaladejo.com) ~ Email: [correo@jorgealbaladejo.com](mailto:correo@jorgealbaladejo.com)

## Resume

---

As a telecommunications engineer, I pursue developing a career on **challenging projects** involving a wide range of technologies including programming, web and internet, networking, and computing.

## Work Experience

---

11.2010 – 01.2011: [Eegoes.com](http://Eegoes.com) ~ back-end developer

Development of a home-brew MVC Framework and migration of existing code. Temporary collaboration.

01.2009 – 10.2010: [Sensorscope Sarl](http://Sensorscope.Sarl) ~ web developer, database designer, servers administrator (80%)

Webmaster of [Climaps](http://Climaps) – a meteorological monitoring web application based on LAMP.

01.2009 – 11.2010: [LCAV](http://LCAV) – Audiovisual Communications Laboratory at [EPFL](http://EPFL) ~ web developer (20%)

I coordinated a migration of the LCAV site and developed another one for the [USense](http://USense) project.

01.2007 – 12.2008: [Trymedia Systems](http://Trymedia Systems) for [Real Networks](http://Real Networks) ~ quality assurance lead, internal tools developer

As a quality assurance leader, I gained experience on team work, process optimization and business organization.

02.2005 – 12.2006: Freelance and entrepreneur in web development [studio](http://studio)

I co-founded a web development studio focused on global internet solutions, where I acquired many skills related to SEO, W3C standards, servers administration, and the complexity of running a project from A to Z.

## Education

---

01.2011 [CIW Web Foundations Associate Certificate](http://CIW Web Foundations Associate Certificate)

02.2011 [CIW JavaScript Specialist](http://CIW JavaScript Specialist)

2004 – 2010: Bachelor in Telecommunications Engineering ~Miguel Hernández University, Elche

I have advanced my academic career while developing my professional path to gain both theoretical and practical skills. I got a *distinction* in OOP with Java [[Examples](#)]. [[Final Project](#)].

## Languages

---

- **English:** 12.2008 First Certificate in English (B2) – currently studying for the CAE certificate.
- **French:** 12.2010 DELF (B2) – currently studying for the DALF certificate.
- **Spanish and Catalan:** mother tongue.
